### Description

Maternal and Infant Community Health Collaborative (MICHC) - Our Babies, Our Future Coalition Meeting

We will be joining together at the Finklestein Memorial Library on 9/19/2019 from 9am-12pm for our September meeting. The agenda will include a **screening of the film "Dark Side of the Full Moon" and a discussion** following the showing facilitated by **Sonia Murdock, Executive Director, Postpartum Resource Center of NY**. "Dark Side of the Full Moon" is a documentary film exploring postpartum depression and other pregnancy and postpartum mood disorders.

Hear updates about MICHC and meet the new Community Health Worker team.

We will also be presenting LHPN's newest program and staff, **Healthy Families Rockland County (HFRC)**. Learn more about this exciting Home Visiting Program targeting pregnant and post-partum families in Spring Valley.
